A Massage Therapist's Guide to Malpractice — American ...

Used in my personal practice as a Massage Therapist for a reference guide and a for a good read. It's a great informative book with in-depth information. The only reason I wouldn't give it 5 stars is because the soft cover doesn't hold up well and would suggest getting it as a hardback when available.

A Massage Therapist's Guide to Pathology: Ruth Werner, Ben ...

Massage therapy is considered a healing profession and to be in a healing profession requires empathy. The obvious lack of empathy displayed here shows that the author should get a different job because massage therapy isn't for her. Maybe a job in a massage parlor giving "happy endings", which might be more in keeping with her level of class.
