History of architecture - Wikipedia

The massive neolithic architecture of western Europe begins, in the 5th millennium BC, with passage graves. The name reflects the design. In any such grave a stone passage leads into the centre of a great mound of turf, where a tomb chamber - with walls made first of wood but later of stone - contains the distinguished dead of the surrounding community.

HISTORY OF ARCHITECTURE

Updated with expanded coverage of twenty-first century architecture, this new edition uniquely comprises a detailed survey of Western architecture as well as architecture from the Middle East, Africa, Central and South America, India, Russia, China and Japan. Significant revision also includes photographs and textual discussion of around 50 new buildings. Written in a clear and engaging style ...

A World History of Architecture, Third Edition - Michael ...

The history of architecture is about as long as the history of humanity itself, and probably just as complex. The exact origin of architecture could be said to date to the Neolithic period, around 10 000 BC, or simply when people stopped living in caves and started handling the way they want their houses to look and feel like.

The History of Architecture in a Nutshell | Widewalls

A World History of Architecture (Book) : Moffett, Marian : "The text encourages readers to examine closely in photographs and line drawings the pragmatic, innovative, and aesthetic attributes of buildings, and to imagine how these would have been praised or criticized by contemporary observers. Architecture is discussed in various contexts - artistic, economic, environmental, political, social ...
