"Capital cities today remain central to both nations and states. They host centres of political power, not only national, but in some cases regional and global as well, thus offering major avenues to success, wealth and privilege. For these reasons capitals simultaneously become centres of "counter-power", locations of high-stakes struggles between the government and the opposition.

### **Capital Cities in Africa: Power and Powerlessness - Google ...**

Bangui is the capital city of the Central African Republic. Bangui is both the country's capital and the largest city, with a population of 889,000. The city is growing rapidly, over 2% annually. Bangui has long been the center of rebel activity, destruction, and political upheaval.

### **List of Country Capitals in Africa - World Population Review**

Capital cities are known to host the seat of that particular country's government. Once in a while, some countries may opt to move the country's capital from one location to another for different reasons. Throughout history, the relocation of capital cities has been done on several occasions.
