Case Heavy Equipment Brakes & Brake Parts for sale | eBay

A quick way to tell if the brakes on a 580E are wet or dry is the type of parkbrake set up. The dry brake set up uses the serv9ice brakes for the parkbrake manually pulling the brake levers with the cable. The wet brake machines have an external disc and rotor set up on the front of the transaxle. or the drop box if it is a 4X4.

580e breaks | Heavy Equipment Forums

I have a Case 580SL II that recently began sounding an alarm when I put it in gear (as in clicking the shuttle shift into F or R). It had done this occasionally in the past if the parking brake was not FULLY pressed down in the released position. Now, it does it all the time.
