review copy was an uncorrected bound proof and may not match final book.

Demon Fish: Travels Through the Hidden World of Sharks by ...

The main impression left by Demon Fish is that sharks are indeed all they are cracked up to be—and more.” —Los Angeles Times “Reveals the close relationship between humans and sharks through the interplay of history and culture. . . . By the end of Demon Fish, readers may be tempted to don a wet suit and go hug a shark.”

Demon Fish: Travels Through the Hidden World of Sharks ...

Demon Fish approaches the topic of sharks through many lenses — historic, religious, scientific, economic, and cultural. The book focuses on how public perception and consumption of sharks has affected their health and numbers, from the history of shark attacks to the continued public relations nightmare of Jaws and the demand for shark fin soup in China (an expensive delicacy that kills 73 ...
