If you have a Dodge, my recommendations would be the 68RFE, Allison, or Ford 4R100 - but if you wanted a 5R110 in your Dodge it has been done and I would estimate the cost of the swap to be about \$12,130.00 with a built trans and about \$8100.00 with a good used transmission.

Transmission Swap Comparisons

Used in 2x4 and 4x4 Dakotas starting in 1992. Swap problems: 3.83:1 first gear! No aftermarket performance shifters, low torque capacity, wide ratio gearing. The New Venture NV3500 five speed with a integral bellhousing was used in 1994 and up Dodge Dakota V8 Ram truck (this started life in 1988 as the GM HM290).

What years for the Dakota AX15 and NV3500?

Changing a Dodge transmission can be an expensive proposition, if done at a shop, because it is labor-intensive. You can change a Dodge transmission yourself if you have the time to put into it. A transmission does not break often so that you have to replace the entire transmission, but replacing parts, such as clutches, also requires complete removal of the transmission.
