Dreamland: Adventures in the Strange Science of Sleep ...

Like many of us, journalist David K. Randall never gave sleep much thought. That is, until he began sleepwalking. One midnight crash into a hallway wall sent him on an investigation into the strange science of sleep. In Dreamland, Randall explores the research that is investigating those dark hours that make up nearly a third of our lives.

DREAMLAND — DAVID K. RANDALL

Like many of us, journalist David K. Randall never gave sleep much thought. That is, until he began sleepwalking. One midnight crash into a hallway wall sent him on an investigation into the strange science of sleep. Dreamland (Audiobook) by David K. Randall

Randall argues that people can commit crimes in their sleep, and that the most important cause of friendly fire deaths in war is soldiers' lack of

sleep.

David K. Randall (Author of Dreamland)

August 3, 2012 • Most people's after-midnight mishaps are nothing compared with what David K. Randall describes in his new book. From people committing murder while supposedly sleepwalking, to what...

Dreamland : NPR

Journalist David Randall had an eye-opening experience when he sought treatment for his sleepwalking.

NONFICTION: "Dreamland," by David K. Randall ...

Dreamland by David. K. Randall was an interesting foray into the subject of sleep, and it did have scientific merit (I particularly enjoyed the part about sleep studies), but it fell off the deep end in a couple of places, especially where dreams are discussed. There is a lot to be said for the amount of research that went into this book.

Dreamland (Audiobook) by David K. Randall | Audible.com

Like many of us, journalist David K. Randall never gave sleep much thought. That is, until he began sleepwalking. One midnight crash into a hallway wall sent him on an investigation into the strange science of sleep. In Dreamland, Randall explores the research that is investigating those dark hours that make up nearly a third of our lives.

Dreamland - David K. Randall - Hardcover

Randall explains how the invention of electricity led to countless cases of sleep deprivation; the lack of utter darkness after sunset is often the enemy of sound sleep. Researching the world of sleep is obviously difficult because sleeping subjects selected for studies rarely remember anything concrete.

DREAMLAND by David K. Randall | Kirkus Reviews

Dreamland is a lively overview of recent research into sleep, the activity that occupies nearly a third of our lives, yet whose secrets continue to mystify scientists and laypeople alike. Randall...

hours that make up nearly a third of our lives.

Dreamland : David K. Randall : 9780393345865

The first four chapters of Dreamland deal with the general importance of sleep, the affect of artificial light on our sleep habits, couples' sleeping habits, and babies' sleeping habits. Through these, David K. Randall shows the great amount of research he has put into the book. Even just the first chapter of Dreamland reveals Randall's purpose: he wishes to inform the general public about sleep.

TOW #10: Dreamland by David K. Randall (IRB)

Welcome to Dreamland: Adventures in the Strange Science of Sleep. Randall's writing isn't as breezily hilarious as that of Mary Roach, but Dreamland's structure owes a nod to her work, particularly when he uncovers uniquely twisted avenues of thought. There's the matter of legal ethics, whereby a sleepwalker who killed his father-in-law was acquitted of wrongdoing; the irony of sleeping pills whose effectiveness stems from their inducing short-term amnesia, thus helping you forget ...

Book Review - Dreamland by David K. Randall | BookPage

DREAMLAND ADVENTURES IN THE STRANGE SCIENCE OF SLEEP DAVID K RANDALL review is a very simple task. Yet, how many people can be lazy to read? They prefer to invest their idle time to talk or hang out. When in fact, review DREAMLAND ADVENTURES IN THE STRANGE SCIENCE OF SLEEP DAVID K RANDALL certainly provide much more likely to be effective ...
