More than 25 million companies worldwide are already using Instagram for business, and more than 200 million users visit at least one business profile every day.. As Facebook refocuses on connecting people with content from family and friends, Instagram has become "the new home for brands," where engagement is high, followers are brand-loyal, and real business goals can be achieved.

How to Use Instagram for Business: A Simple 6-Step Guide

Your business routinely orders products from a supplier to maintain the inventory on hand, often in Minimum Order Quantities (MOQs) to get a wholesale price. Your business stores the products until a customer orders them. You process each customer's order, package the goods and ship them to the customer yourself.
