Inventing Eastern Europe The Map

Eastern Europe has suffered by being in thrall to empires: the Ottoman, the Austro Hungarian and finally the Soviet. Wolff points out the history of how the area has been seen as backward, uneducated and in need of civilizing. The idea is not new- it was used by various rulers as an excuse for conquest. the area also suffers geographically by ...

Amazon.com: Inventing Eastern Europe: The Map of ...

In Inventing Eastern Europe: The Map of Civilization on the Mind of the Enlightenment, Larry Wolff argues that the Enlightenment saw philosophers and explorers move the boundaries of civilization from a north-south boundary—as was the case from the Roman Empire to the Renaissance—to an east-west boundary that continues to this day.

Inventing Eastern Europe: The Map of Civilization on the ...

This is a wide-ranging intellectual history of how, in the 18th century, Europe came to be conceived as divided into Western Europe and Eastern Europe. The author argues that this conceptual reorientation from the previously accepted Northern and Southern was a work of cultural construction and intellectual artifice created by the philosophes of the Enlightenment.

The Euroacademia International Conference 'Re-Inventing Eastern Europe' aims rather than asserting to make a case and to provide alternative views on the dynamics, persistence and manifestations of the practices of alterity making that take place in Europe and broadly in the mental mappings of the world.

International Conference: Re-Inventing Eastern Europe ...

In the book Inventing Eastern Europe (1994) he developed the argument that Eastern Europe was "invented" in the eighteenth century, by the philosophes and travelers of the Enlightenment, who attributed meaning to a supposed division of Europe into complementary regions, Western Europe and Eastern Europe. Professor Wolff has analyzed Western ...

Lawrence Wolff - New York University

Sanson's New Introduction to Geography in 1695 placed Muscovy on the eastern border of a map of Europe, and on the western border of a map of Asia. The Almanach Royal of Paris excluded the kingdom of Muscovy from European status in 1716 but included it in the following year.
