Language, Power, and Nation-Building On November 28, 2016 January 8, 2018 By Melissa J. Enns In Language and Power , Sociolinguistics 7 Comments So far, we have been looking at teacher identity and critical self reflection; now let's zoom out to look at some of the "big picture" influences that shape the content and atmosphere in the language classroom.

### language policy - Ramblings of a Linguaphile

This article explores the link between language policies and nation-building by focusing on the Turkish case during the early Republican period (1920–38). As opposed to conceptualising nation builders as seamlessly and strategically forming a nation out of the remnants of an empire, this article emphasises the complex and, at times, ambiguous nature of the nation-building process using ...

The two decades from 1950 to 1970 were a crucial period of educational reorganization in Malaysia that stemmed from the decolonization after the Second World War. This educational reorganization sought to address the perennial issue of nation building via educational language policy. The development of Chinese education was under severe threat as the British colonial government opted for a ...
