It first outlines the nature of musical works, their relation to performances, and their notational specification; it then considers authenticity in performance, musical traditions, and recordings. Comprehensive and original, the volume discusses many kinds of music, applying its conclusions to issues as diverse as the authentic performance ...

Musical Works and Performances: A Philosophical ...

Scores must be read in terms of the notional conventions and musical practices they take for granted. To be of a work, a performance must match its contents, must intentionally follow the work-determinative instructions, and must be tied by a robust causal chain to the work's creation. Also, the performance must be at least minimally faithful, so the work can be recognized in it. Authenticity is a virtue in a performance, and only small departures from the ideal are acceptable when made ...
