Page 4 May 2020 6. When loading ProSpect for the first time, the Connection Setup screen will display. There are three ways of connecting ProSpect to Manager SE. The Scan Quick Setup QR Code option involves scanning a QR code from the Manager SE host, Scan Local Network will scan the local WI-FI network for a host, while Manual Connection involves manual entry of all

User Guide - Mitchell 1

Network connectivity is required if you will be using your Shop Management system on multiple computers. For network setups with access to the internet, a commercial firewall and antivirus application is highly recommended. We also recommend the services of a professional network administrator in configuring your network environment.
