Policy Analysis In National Security

This book addresses something more basic: how to conduct policy analysis in the field of national security, including foreign policy and defense strategy. It illuminates how key methods of analysis can be employed, by experts and nonexperts, to focus widely, address small details, or do both at the same time.

This is partly due to Pakistan's inability to counter extremism across religious, political and social arenas, over physical and cyber realms. Religious extremism sustains religiously-motivated acts of terrorism. Therefore, the addressing of both in the recently passed National Internal Security Policy (2018-2023) is welcomed.
