Projected Art History Biopics Celebrity

About Projected Art History. Biopics on artists influence the popular perception of artists' lives and work. Projected Art History highlights the narrative structure and images created in the film genre of biopics, in which an artist's life is being dramatized and embodied by an actor. Concentrating on the two case studies, Basquiat (1996) and Pollock (2000), the book also discusses larger ...

Many of these films were criticized for fabricating and romanticizing the history and facts of Custer's life. Abraham Lincoln also got his fair share of many, many biopics before 1950. Of these many biopics, Young Mr. Lincoln (1939) is probably the most well known and revered, having been directed by John Ford and starring Henry Fonda as Lincoln.
