Monthly Market Review - J.P. Morgan Asset Management

The danger, however, lies in the trap of thinking that these extra 3,000 homes on the market represent the solution to the housing shortage. 3,000 homes represents less than one month's demand of rental homes and - to the extent that it represents a shift from the short-term lettings market to the long-term rental one - is a one-off gain.

Irish Housing Market Report - June 2020 | Daft.ie

Emerging market equities recorded a strong gain in Q4 and outperformed developed markets with political developments supporting gains. US Treasury yields rose over the quarter, and the yield curve flattened, amid growing momentum behind a tax reform bill which is expected to stimulate growth and inflation.

Year-in-review features major headlines, performance data for world indices, and a market perspective for 2018. After nine consecutive years of gains, the S&P 500® closed 2018 with a loss.

Q4 Quarterly Market Review | Milestone Asset Management Group

What a difference a few months can make. After producing back-to-back quarterly gains in Q2 and Q3, major U.S. equity indexes retrenched in the final three months of 2018. In terms of total returns, the S&P 500 lost 13.53% in Q4 -- much worse than Q1's slight dip.. For the year, the IFA US Large Company Index, which closely tracks the S&P 500, fell 4.42%, marking the first losing year since 2008.

2018 Q4 Market Review - Index Fund Advisors

Hobart Property Market. Hobart was the darling of speculative property investors and the best performing property market in 2017- 8, and while dwelling values reached a record high in February 2020, its boom is now over and values fell slightly in March and April. However Hobart houses and units exhibited a slight fall in July.

PayProp Rental Index | PayProp

Emerging market debt was a relatively bright spot given the risk-off environment. Local currency emerging market debt, as measured by the JPM GBI-EM Global Diversified Index, gained 2.1%, with notable outperformers being Turkey (+29.8%), Argentina (+16.7%), and Brazil (+11.4%).

2018 Q4 Market Review | Domani Wealth

The average sales price of Q4 2018 was just over \$2 million, up 10% from Q4 2017, when the average sales price was \$1.82 million. However, the median sales price was nearly identical between the fourth quarters of 2017 and 2018, suggesting that while the high end prices are getting higher, the remainder of the market values remained steady.
