Psychoneural Reduction The New Wave

In Psychoneural Reduction, John Bickle presents a new type of reductionism, one that is stronger than one-way dependency yet sidesteps the arguments that sank classical reductionism. Although he makes some concessions to classical antireductionism, he argues for a relationship between psychology and neurobiology that shares some of the key aims, features, and consequences of classical ...

Psychoneural Reduction The New Wave

The new wave of psychoneural reduction attempts to resurrect the efficacy of reductionism by doing something different. It utilizes axiomatized set theory predicates and employs a corrected analogue of the reduced theory to avoid these and other potent objections against classical reductionism.
