The global healthcare chatbots market is projected to reach \$314.3 million by 2023 from \$122 million in 2018. But the real power of AI can be best observed in areas like precision medicine, medical imaging, drug discovery, and genomics. For instance, cancer patients used to receive cookie-cutter treatments with high failure rates. ...

Congratulations to everyone on reaching a new decade, which means, of course, another set of updates to the Facebook algorithm. As of late 2019, average reach for Facebook posts was down by 2.2%, meaning that brands could reasonably expect their posts to be seen by about 5.5% of their Page's followers. Big brands with massive follower counts can expect even lower averages.

Amy Fisher (7/3/2013 4:23:00 AM). One of the first books of poetry I ever read was A Child's Garden of Verses, from which this poem came. Unfortunately, many of the poems in that book are pedantic and suffer from stifling Victorian moralizing, However, I always thought The Wind was a wonderful exception,
