Redefining Health Care: Creating Value-Based Competition on Results Michael E. Porter and Elizabeth Olmsted Teisberg Harvard Business School Press In this volume, Porter and Teisberg examine health care issues in three broad areas: "The first is the cost of and access to health insurance. The second is standards for coverage, or the types of care that should be covered by insurance versus being the responsibility of the individual.

Redefining Health Care: Creating Value-based Competition ...

After analysing what has gone wrong in the US the authors propose that "value-based competition" is needed: namely, competition that is based on the value that patients attach to good outcomes of care; and competition not between conventional hospitals and insurance companies but between integrated practice units (IPUs), services that provide end to end care for patients with, for example, cystic fibrosis or heart disease.
