Handbook of differential diagnosis. (Book, 1974) [WorldCat ...

The DSM-5[trademark] Handbook of Differential Diagnosis helps clinicians and students learning the process of psychiatric diagnosis improve their skill in formulating a comprehensive differential diagnosis by providing a variety of approaches, including a six-step diagnostic framework, 29 bottom-up "decision trees," and 66 differential diagnosis tables for use once a tentative diagnosis has been made.

DSM-5™ Handbook of Differential Diagnosis | Michael B ...

The DSM-5™ Handbook of Differential Diagnosis is the preeminent guide to differential diagnosis for both clinicians and students learning psychiatric diagnosis. Based closely on the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, it offers a rich selection of perspectives in an easy-to-use format.

APA - DSM-5 Handbook of Differential Diagnosis

Clinicians must always temper the temptation to apply the DSM-5 criteria or the decision trees and differential diagnosis tables in this handbook in a rote or cookbook fashion. The approaches outlined here are meant to enhance and not to replace the central role of clinical judgment and the wisdom of accumulated experience.
