The Architecture Of Death The

Garden or Rural Death Architecture The garden cemetery is perhaps one of the most beautiful types of cemeteries. They are characterized by a park-like design, and tend to be much more sprawled out than other types of cemeteries. The idea for garden cemeteries first came from the British architect, Sir Christopher Wren, in 1711.

The Architecture Of Death: The Transformation of the ...

Death is seen as the gateway to the Hereafter. Death is by no means a negative thing. Believers are scared neither of death nor of the prospect of experiencing it themselves, as it brings them back to Allah, their Creator and Master. To believers, death is the gateway to everything they have patiently longed for in the earthly life.

Death, Graves and Funerary Architecture - IslamiCity

In Architects of the Culture of Death, authors Donald DeMarco and Benjamin Wiker expose the Culture of Death as an intentional and malevolent ideology promoted by influential thinkers who specifically attack Christian morality's core belief in the sanctity of human life and the existence of man's immortal soul.
