Volvo D12 Engine Problems

volvo D12 problems. We have Volvo D12 (387435) and truck wont start. No active or inactive codes, compression good, fuel/oil pressure good. If we use just a little bit of starting fluid truck starts, runs and drives fine, as soon as we turn it of...truck wont start, unless its sprayed with starting fluid again.

volvo D12 problems - MHH AUTO - Page 1

First the symptoms, If you notice a sudden loss of power especially on inclines, excessive smoke from exhaust stack and possibly a check engine light your EGR valves probably just bit the dust. If you change the fuel filters and inspect the turbo and the problem still exist I'm almost sure its your valves. Step 2

But in Europe, afaik, Volvo and Cat both well supported Wd be interesting to see price diff from Tarquin. In the Sq58 it used to be nearly 50grand extra for Cats instead of Volvo. Personally I would have paid 50k more for volvos. But I spect that was not all engine price, it was that fairline didn't want to fit anything but volvo. Not sure though

Which is Best Engine Volvo D12 or Cat C12? | YBW Forum

That is the problem in Europe but I doubt they use same unit there. There can also be a crack in the filter housing straight back to the return side, it is not sucking air, just losing pressure. Transfer pump failure is also very common in D12 engines but it
